

Dear Investigator,

I would like to take this opportunity to thank you for your interest in affiliating with the SunCoast CCOP Research Base at the University of South Florida for access to cancer prevention and control clinical trials. To that end, an affiliation agreement is located on our website for you to sign and return to the SunCoast CCOP Research Base Operations Center.

Along with the affiliation agreement, please include the name, email address and telephone number of your study coordinator, a recent Curriculum Vitae, a completed and signed Statement of Investigator FDA Form 1572 (note in Section 5 your IRB's assurance number and in Section 7 that you are participating in National Cancer Institute sponsored clinical trials), and evidence of education in Protection of Human Subjects Participating in Research that meets NIH Guidelines. The NIH Office of Extramural Research offers an on-line training at <http://phrp.nihtraining.com>. If you took/take a course elsewhere, a letter containing information about the sponsoring agency and course description is required.

As protocol concepts are developed, they will be circulated to you electronically for comments. All protocols and concepts will be available to you via our website, <http://www.SunCoastccop.org>. A member user name and password will be assigned to you.

Please return your enrollment packet to CCOP@epi.usf.edu or by mail to:

SunCoast CCOP Research Base
Pediatrics Epidemiology Center @ USF
3650 Spectrum Blvd., Suite 100
Tampa, Florida 33612
Attention: Angelina Fink

Your comments, suggestions and input are very welcome and we are committed to creating an effective research base with exciting science in our protocols. Please feel free to contact me at any time.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey P. Krischer".

Jeffrey P. Krischer, Ph.D.
Principal Investigator,
SunCoast CCOP Research Base at the University of South Florida
